

Banking solution for global businesses

Better than a business bank account

MultiPass is a bank challenger that provides financial solutions for businesses trading globally. We enable our clients to transact quickly and effortlessly with their suppliers and customers around the world.

- ✓ Fully-digital onboarding
- ✓ High-speed transactions
- ✓ Human support 24/7

MultiPass is best suited for

Companies dealing with different currencies

Companies with global workforce

Trade companies with international clients and partners

No cross-border business is the same. We offer tailor-made solutions for many industries including

- ✓ E-commerce and online retailers
- ✓ IT and cross-border service providers
- ✓ Importers and Exporters
- ✓ Digital marketing companies
- ✓ Investment managers and Holding companies
- ✓ Travel companies

Wide range of payment rails: SEPA, SWIFT & more

70+

currencies

200+

countries & regions
